About **LABBAIK**

Four decades of continuous strive to provide the best customer experience is what makes LABBAIK INTERNATIONAL not only the largest group of leather tanneries in Eastern India, but also an enterprise that out-performs its own set milestones time and again. The mission to produce International Standard Leather Products began with the vision of the founder, S M Abdullah, a diligent man who started at a very young age and gave a lot of years in perfecting the art of making quality leather. His dreams were propelled further as his son Parvez Ahmed established LABBAIK INTERNATIONAL in the year 1988.

PARVEZ AHMED
